

Give your child the experience of a lifetime . . .

The world has become smaller and more interwoven than ever. It is increasingly important that our young people grow up with a knowledge of and an appreciation for the countries outside of our borders.

The Greater Lansing Exchange and Lansing Regional Sister Cities Commission (LRSCC) have teamed up to offer your middle-school child a special opportunity to visit Asan, South Korea. Asan is a sister city of Lansing; similar in size, but with many interesting cultural differences.

Exchange students from Mid-Michigan will travel to Asan, with chaperones, and experience the wonders of South Korean culture; visiting historical villages, eating authentic South Korean food and staying with carefully selected South Korean host families. They will make new friends and have an adventure they will never forget.

Space is extremely limited for this unique journey. Partial scholarships are available, courtesy of LRSCC and Fifth Third Bank.

. . . A trip to Asan, South Korea!

July 7 to July 15, 2012
