**Diagrams:**

    - i. At the last meeting we discussed the 4th grade Puberty The Wonder Years Curriculum. During the meeting, there was a conversation about the diagrams that were used. At that time, we decided to preview the diagrams that had been used previously to see how similar they might be. After some conversation it was determined that the diagrams do not equally represent the anatomy. Christina Holmes from Eaton RESA provided some new images that the board can review and discuss.

  - b. **4th Grade Puberty the Wonder Years Video Review Conversation:** In the 4th grade Puberty the Wonder Years curriculum, a video is used during lesson 4. Rather than embedding a specific video in the lesson, Puberty the Wonder Years provides a list of videos. Districts select one of the options to implement in the lesson. The video that was like the most was:
    - **Always Changing and Growing Up- Co Ed Puberty Education:** [Video Link](#)
      - o After reviewing it was found to show a scene that the committee did not approve
      - o A possible solution would be to show the video starting at the 1.33 minute mark
      - o Other Possible Videos to consider:

- [Puberty and You](#) (need to make sure not shown in 5<sup>th</sup> or 6<sup>th</sup> grade)

The following videos would need to be shown as a whole collection to cover all the topics that the other videos cover:

- [What Is Puberty? Amazing Me](#)
- [The Physical Changes That Happen to Everyone](#) | Amazing Me 3:21
- [Emotional and Social Changes During Puberty](#) | Amazing Me 3:00
